DETAILED ACTION

Amendment

1. The amendment filed 11/29/2004 under 37 CFR § 1.111 has been entered. Claims 5-8 are pending in the application, claims 1-4 being cancelled and new claims 5-8 being added by the amendment.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

IN THE CLAIMS:

Claim 6: in line 1 change "claim 1" to --claim 5--;

In line 2 insert the word --are-- between "hinges" and "used".

Claim 7: in line 1 change "claim 1" to --claim 5--;

In line 2 change the word "being" to --are--.

Claim 8: in line change the word "close" to --secure--.

Allowable Subject Matter

3. Claims 5-8 are allowed.

Reasons For Allowance

4. The following is an examiner's statement of reasons for allowance:

The limitations recited in the independent claim 5 of an antiskid device for inline skates comprising a plurality of wheel receptacles to receive inline skate wheels, the plurality of wheel receptacles being comprised of a high friction means joined to a pliable and resilient shell and further comprising side panels extending upwardly therefrom, configured and sized to frictionally engage the sides of the wheels up to or near the axle, and wherein the plurality of wheel receptacles are linked with hinges so as to allow clamshell folding of the antiskid device wherein the limitation of clamshell folding is interpreted and understood in the context of the disclosure including the specification and drawings as filed, clearly defines over the prior art of record and any combination that may be reasonably derived therefrom.

Independent claim 8 recites similar limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
